EU GPSR Declaration of Conformity

Manufacturer

Manufacturer: Bushcraft Essentials GmbH

Address: Friedrichstr. 19, 85435 Erding, Germany

Contact: info@bushcraft-essentials.com

Product Information

Product Name: Char Cord

Model Number: BCE-007 / EAN:4260365160078

Description:

Starting a fire will be easy with our Char Cord, which is an excellent fire starter and thus perfect for your EDC kit.

The “Char Cord” in detail

- Char Cord is – like the very similar char cloth – a very good fire starting material. Compared to char cloth it has the advantage to smolder much slower and more efficient and is therefore better suited to start a fire.
- Simply light it with a fire striker – it catches the smallest spark.
- The Char Cord keeps the ember very long, burns very hot and is very long lasting.
- Entirely made in Germany (even the rope has been manufactured in a German ropery).
- Perfect for your EDC kit.
- Note: In rare cases, a small part of the rope may not be properly pyrolysed. In this case, we add an additional piece of Char Cord during final inspection.

Technical data

- Weight: 1 g
- Length: approx. 50 cm
- Material: Cotton
- Made in Germany
