Product Information

Product Name: Universal Grate Bushbox XL

Model Number: BCE-011.1 / EAN:4260365160177

Description:

This Universal Grate Bushbox XL is a real all-rounder and can be used in many ways. You can either buy it as a separate accessory for your Bushbox XL or as part of one of our various Bushbox XL sets.

The “Universal Grate Bushbox XL” in detail

The Universal Grate can be used in many ways:

- Attached on top of the Bushbox XL it makes an excellent grill or provides a solid platform for smaller pots and cups.
- Inserted into a special half-height position, it can be used as a stand for alcohol burners (like the Trangia).
- In this half-height position, it is also ideal for the use with charcoal or wood pellets (lower fuel consumption with more effective and constant cooking or grilling temperature over a long period of time; one cup of pellets is enough for approx. 30 minutes of operating time).
- In combination with a pair of Trivets, the Universal Grate can also be used as a toast holder or to keep your coffee cup warm. Just use your creativity.
