The “Trivets (Set) Bushbox XXL+” in detail

- The stainless steel Trivets can be inserted in various notches on top of your Bushbox XXL+ as required to ensure safe standing for cups and cooking vessels of different sizes.
- Various notches allow for sufficient air supply between flame and cookware.
- Inserted on the side, you can place an external heat source (e.g. Trangia) at three different heights of your Bushbox XXL+.
- You may also use the Trivets to move the hot Bushbox.
- Use the Trivets to remove the Universal Grate from the hot stove by inserting them from above into the slots in the Universal Grate.
- In combination with the Universal Grate, the Trivets can also be used as a toast holder.
- Store the Trivets together with your Bushbox XXL+ in a separate compartment of the matching Outdoor Bag.
