Address: Friedrichstr. 19, 85435 Erding, Germany

Contact: info@bushcraft-essentials.com

Product information

Product Name: Bushbox Set

Model Number: BCE-036 / EAN:4260365160368

Description:

Bushbox Set – Your Trusted All-in-One Solution for Maximum Independence

It's the stove that started a success story in 2012: Our original Bushbox, now in its fourth generation, stands for uncompromising reliability. Developed from a passion for the outdoors and optimized through years of customer feedback, this set offers exactly what you need on the go: independence. With just a few simple steps, the packable stove is ready for use, and thanks to a special locking mechanism, it forms a highly stable unit that will never let you down.

Whether on a hike or as an essential part of your emergency equipment – the Bushbox is designed to be so compact that it easily fits into your pocket when disassembled. Despite its small size, it develops enormous heat output through the chimney principle and the Coanda effect. It directs energy exactly where it's needed: to your cookware. This way, you boil water for your coffee or a fortifying meal with a minimum of fuel, while heat radiation to the sides is reduced.

This set is the ideal choice for anyone looking for a high-quality brand stove at an attractive price. In addition to the stove, you receive versatile Trivets, a Grill Plate, and a durable Outdoor Bag made of canvas. This keeps your equipment always clean and neatly stowed, ready for the next adventure under the open sky.

This stove operates entirely in the spirit of the "Leave No Trace" philosophy: thanks to controlled combustion within the stove, no traces are left in nature. Furthermore, you are not dependent on gas cartridges, but instead use what the environment offers you – from twigs to pine cones. The Bushbox is a piece of equipment for purists who value "Made in Germany" quality and maximum flexibility with the smallest possible packed size.

Your Advantages at a Glance

- **All-Round Carefree Set:** Includes the Bushbox, a set of Trivets, a Grill Plate, and a robust Outdoor Bag.
- **Maximum Mobility:** Extremely flat pack size (only 1 cm thick when folded), ideal for your pocket or EDC kit.
- **Resource-Saving Efficiency:** Optimal fuel utilization through chimney effect, works even with damp natural materials.
- **Versatile Fueling:** Compatible with wood, spirit burners (e.g., Trangia), fuel paste, or Esbit.
- **High Durability:** Made from 100% stainless steel (1.4301) for lasting corrosion resistance.
- **Multifunctional:** The Trivetss serve as a secure stand, transform your Bushbox into a mini-grill, or can be used to move the hot stove.

Product Details & Technical Specifications

You can read in detail here what fundamentally distinguishes our original Bushbox and why it has been the standard in the outdoor sector for years. The included Outdoor Bag made of canvas has two separate inner compartments and a belt loop with a D-ring for secure attachment to a backpack or waistband.

- **Total Weight:** approx. 350 g (set incl. bag and accessories)
- **Stove Dimensions:** 11.5 x 9 x 1 cm (disassembled) | 11.5 x 9 x 9 cm (assembled)
- **Bag Dimensions:** approx. 17.5 x 13.5 x 2 cm
- **Material:** 0.8 mm thick, high-quality stainless steel (1.4301) | Bag: Cotton
- **Origin:** Made in Germany

Frequently Asked Questions (FAQ)

1. Who is the Bushbox Set best suited for?

The Bushbox Set is ideal for solo outdoor enthusiasts and hikers looking for a complete, affordable system. Thanks to the included accessories like the Grill Plate and bag, it is particularly versatile – whether for a day trip, minimalist camping, or as a self-sufficient emergency stove in a bug-out bag. It offers everything you need for an independent cooking solution.

2. What are the functions of the Grill Plate and Trivets?

The Grill Plate serves as a stable base for very small pots or as a grate for grilling food. The inserted Trivets provide a secure stand for cups of any size. If you use them inverted (flush with the top edge), they transform the stove into a mini-grill. They can also be used to safely transport the hot stove.

3. How does the locking mechanism work during disassembly?

The Bushbox uses a special mechanism for maximum stability. To disassemble (after the stove has cooled down), pull the short side panels slightly outwards at the top. This releases the locking "noses" and you can easily disassemble the stove. Thanks to the high-quality 0.8 mm stainless steel, the system remains dimensionally stable and precisely fitting even with frequent use.

Still unsure if this stove is right for you? Then take a look at our stove selection matrix.

Tips & Tricks for your Bushbox:

Note: Other products shown are for illustration purposes and are not part of the offer.

Safety Instructions:

- **Usage Instructions:**
  - Use only outdoors.
  - Ensure the stove and its accessories are placed on a stable, level, and fireproof surface.
  - Keep the product away from flammable materials during operation.
  - Avoid flying sparks: Flying sparks can cause fires or burn holes in plastic materials (tents, clothing).
- **Fuel:**
  - Use only recommended fuels (twigs, branches, alcohol burners, fuel paste).
  - Do not use liquid fuels such as gasoline or alcohol that are not explicitly recommended.
- **Operation:**
  - Never leave an open fire unattended.
  - Use heat-resistant gloves to avoid burns.
  - Ensure the product has cooled down completely before touching, disassembling or storing it.
  - Observe the local regulations for open fire.
- **Children and Pets:**
  - Keep children and pets away from the product while it is in use.
  - Store the product out of reach of children.
- **Maintenance and Care:**
  - Clean the products after each use.
  - Regularly check for damage or wear and replace damaged parts immediately.

Emergency Measures:

- In case of fire: Use a fire extinguisher or sand to extinguish the fire. Do not use water if the stove and its accessories are operated with alcohol.
- In case of burns: Cool the affected area immediately with cold water and seek medical attention.
