Bushbox XL Premium Set – The Ultimate Top-Tier Powerhouse for your Tours

The Bushbox XL Premium Set is the first choice for anyone who doesn't want to compromise on their outdoor adventures. Maximum cooking performance and a large combustion chamber volume meet first-class material quality. This set is perfect for longer trips, camping, or cooking for groups of up to four people. With the included Universal Grate and multifunctional Trivets, you are prepared for any adventure, while the handmade, vegetable-tanned Leather Pouch ensures that your equipment remains safely and compactly stowed away. In addition, you save significantly by purchasing the set compared to buying individual items.

The centerpiece of the set is the Bushbox XL. Despite its impressive size, it folds down to a thickness of only approx. 1 cm thanks to its unique hinge technology. Assembly is intuitive and takes seconds – even with cold hands or gloves. Thanks to its robust stainless steel construction, it is an indestructible companion for trekking tours, expeditions, and bushcraft adventures.

The highly efficient chimney principle makes optimal use of natural fuels such as twigs or cones. Heat is concentrated upwards, saving time and fuel. In line with the "Leave No Trace" philosophy, the base plate catches residues, and you leave the place as you found it. Manufactured in Germany, this set stands for durable functionality and well-thought-out design down to the smallest detail.
