Product information

Product Name: Bushbox XL Titanium Premium Set

Model Number: BCE-057 / EAN:4260365160573

Description:

Bushbox XL Titanium Premium Set – The Ultimate Powerhouse for your Tours

The Bushbox XL Titanium Premium Set is the first choice for anyone who doesn't want to compromise: maximum cooking performance and a large combustion chamber volume meet the extreme lightness of high-quality titanium. This set is perfect for longer outdoor trips, expeditions, or cooking for groups of up to four people. With the included Universal Grate and multifunctional Trivets, you are prepared for any adventure, while the handmade, vegetable-tanned Leather Pouch ensures that your equipment remains safely and compactly stored. In addition, buying the set saves you significantly compared to individual purchases.

The centerpiece is the Bushbox XL Titanium. Despite its impressive size, thanks to the unique hinge technology, it folds down to a thickness of only approx. 1 cm. Assembly is intuitive and takes seconds – even with cold hands or gloves. The pure titanium casing keeps the weight surprisingly low, making it the ideal companion for trekking tours and bikers.

Thanks to the highly efficient chimney principle, the Bushbox XL Titanium can even burn damp material and generates heat that effortlessly fuels larger pots. In keeping with the "Leave No Trace" philosophy, the base plate collects residues, and you leave the site as you found it. To prevent thermally induced warping, heavily stressed components such as the base plate and Trivets are deliberately made of stainless steel – a clever combination of materials for maximum durability.

Your advantages at a glance

- **Large Premium Set:** Includes the Bushbox XL Titanium, a pair of Trivets, the Universal Grate (Titanium) and a handmade Leather Pouch at a preferential price.
- **Extra Light & Robust:** Main body made of pure titanium (Grade 1) for maximum weight savings at full size.

- **Clever Hinge Technology:** Fast assembly – the hinges never stick.
- **Multi-Fuel System:** Cook independently with twigs, wood, spirit burners (e.g., Trangia), pellets, or charcoal.
- **High-Quality Leather Case:** Vegetable-tanned cowhide with belt loops and D-ring for quick access directly on your backpack or belt.
- **Versatile Extensions:** The system grows with your needs. Further accessories such as the Multifunctional Case or the Wood Slide can be found in our assortment.

Product Details & Technical Specifications

You can read in detail why the Bushbox XL Titanium is the perfect solution for self-sufficient cooking here. The components are precisely matched to each other and offer you maximum flexibility.

- **Total Weight:** approx. 780 g (set incl. Leather Case)
- **Stove Dimensions:** 19 x 12.5 x 1 cm (folded) | 19 x 12.5 x 12.5 cm (unfolded)
- **Material:** Pure titanium (Grade 1), base plate and Trivets made of stainless steel
- **Leather Case:** Handmade, vegetable-tanned cowhide
- **Origin:** Made in Germany (Stove, Universal Grate & Trivets)

Frequently Asked Questions (FAQ)

1. How many people can you cook for with the Bushbox XL Titanium?

Thanks to its large combustion chamber and stable construction, it is easily suitable for cooking for 3-4 people. It offers enough space for larger pots and pans, but remains light enough for transport in a backpack due to its titanium casing.

2. Why are the Trivets and base plate made of stainless steel instead of titanium?

These components are exposed to direct embers and the highest heat. To prevent thermally induced warping, we use stainless steel here. This guarantees durability and functionality of the stove for many years, while the rest of the casing remains extremely light due to the titanium.

3. Is the Bushbox XL Titanium suitable for emergency preparedness?

Absolutely. In crisis situations, independence from fossil fuels is crucial. The Bushbox XL can be operated with almost anything found in the environment. Due to its size, it also offers enough heat output to serve as a small heat source in emergencies, and due to its titanium construction, it remains corrosion-resistant and low-maintenance.

Tips & Tricks for the Bushbox XL Titanium:

Safety Instructions:

- **Usage Instructions:**
  - Use only outdoors.
  - Ensure the stove and its accessories are placed on a stable, level, and fireproof surface.
  - Keep the product away from flammable materials during operation.
  - Avoid flying sparks: Flying sparks can cause fires or burn holes in plastic materials (tents, clothing).
- **Fuel:**
  - Use only recommended fuels (twigs, branches, alcohol burners, fuel paste).
  - Do not use liquid fuels such as gasoline or alcohol that are not explicitly recommended.
- **Operation:**
  - Never leave an open fire unattended.
  - Use heat-resistant gloves to avoid burns.
  - Ensure the product has cooled down completely before touching, disassembling or storing it.
- **Children and Pets:**
  - Keep children and pets away from the product while it is in use.
  - Store the product out of reach of children.
- **Maintenance and Care:**
  - Clean the products after each use.
  - Regularly check for damage or wear and replace damaged parts immediately.

Emergency Measures:

- In case of fire: Use a fire extinguisher or sand to extinguish the fire. Do not use water if the stove and its accessories are operated with alcohol.
- In case of burns: Cool the affected area immediately with cold water and seek medical attention.
