Description

Bushcraft Essentials Patches – "BE THE ADVENTURE" as a Statement

Our trendy “BE THE ADVENTURE” patches are a ‘must have’ for every Bushcraft Essentials fan and the perfect way to jazz up your outdoor gear, easily attaching to backpacks, jackets, trousers, or caps, and adding a touch of personal style and flair when you're out and about. It's the small detail that lets like-minded people know that you share the philosophy of freedom and reliability.

The durable patch is available in 5 different colours: **Red**, **White**, **Khaki**, **Green**, or **Black**. This allows you to customize your style to match your equipment. Whether subtle khaki green or striking red – your patch makes a clear

statement for your next outdoor adventure.

The craftsmanship impresses with its durability: The patch is woven, features an embroidered edge, and is equipped with practical Velcro on the back for easy application and removal from any Velcro pad. It is also moisture, cold, heat, and UV resistant – a true quality product "Made in Germany" that will accompany you on countless tours.

Your Advantages at a Glance

- **High-Quality Craftsmanship:** Neatly woven patch with a warp knit edge and high-quality embroidery thread.
- **Maximum Flexibility:** Velcro back for easy attachment to backpacks, jackets, caps, or MOLLE systems.
- **Includes Loop Counterpart:** The included fleece counterpart can be sewn onto textiles without a hook-and-loop surface.
- **Weatherproof & Robust:** Colorfast, UV-resistant, and resistant to extreme temperatures.
- **Individual Style:** Available in 5 different colours to match your personal taste.
- **Made in Germany:** Regional production for the highest quality standards.

Product Details & Technical Specifications

Our patches are more than just an accessory – they are a symbol of a sense of adventure, and they are durable and robust.

- **Diameter:** approx. 75 mm
- **Material:** Cotton and high-quality embroidery thread
- **Design:** Woven with fully sewn-on Velcro back
- **Scope of Delivery:** Patch in selected colour including black fleece counterpart
- **Origin:** Made in Germany

Frequently Asked Questions (FAQ)

1. How do I attach the patch to my gear?
Thanks to the Velcro back, you can press the patch directly onto existing hook-and-loop surfaces (e.g., on tactical backpacks or jackets). If your gear doesn't have hook-and-loop, simply sew the included fleece counterpart onto the desired spot. This way, your patch will hold perfectly on any vest or bag.

2. Are the patches machine washable?
Since the patches are made of cotton and high-quality embroidery thread and are colorfast, they withstand external influences well. However, we recommend removing the patch before washing your clothing to preserve the hook-and-loop connection and the warp knit edge in the long term. For dirt, a damp cloth is usually sufficient for cleaning.

3. Why are these patches ideal for the outdoor community?
In the bushcraft and outdoor scene, equipment is often modular. Our patches fit perfectly into this system. They are UV-resistant and do not fade in the sun, making them an ideal companion for long tours. They are also a great way to show your connection to the Bushcraft Essentials brand while enjoying nature.
