Product Safety Information

Manufacturer

Manufacturer: Bushcraft Essentials GmbH

Address: Friedrichstr. 19, 85435 Erding, Germany

Contact: info@bushcraft-essentials.com

Product information

Product Name: B-Stock EDCBox Micro Stove

Model Number: BWBCE-002 / EAN:4260365160023

Description:

Looking for a high-quality, durable stove at a great price? Then you've come to the right place at the Bushcraft Essentials Outlet. Here you can buy products that aren't perfectly polished and are therefore classified as "B-stock" at a reduced price.

Despite high production standards and utmost care, it is possible that parts may exhibit minor cosmetic imperfections such as scratches, fingerprints, irregularities, laser marks and residues, or other visual flaws. However, this does not affect their functionality. Furthermore, we guarantee that these outlet products – just like all our cookers – were manufactured in Germany, made from the same high-quality materials, and produced under the same conditions.

Included in the price is a B-grade EDCBox micro stove, a set of versatile trivets, and an Outdoor Bag. You can find more information about our EDCBox and its features here .

OTHER PRODUCTS SHOWN ARE INTENDED FOR ILLUSTRATIVE PURPOSES ONLY AND ARE NOT PART OF THE OFFER. THE PRODUCT ILLUSTRATIONS ARE EXEMPLARY PHOTOS. THE ACTUAL VISUAL DEFECTS MAY DIFFER FROM THE ILLUSTRATION.

How our stoves work:

All our Bushboxes follow the stack effect (or chimney principle): The air flows into the stove from below, causes even damp material to burn and produces strong heat which – thanks to the clever design of the stove - is directed straight upwards and hardly radiates to the sides. Compared to a campfire, the Bushbox allows for a clean, compact and safe way of cooking, fully in line with the "Leave no Trace" principle.

Not sure which stove is right for you? Then take a look at our stove selection guide :

Tips & tricks for the EDC box:

HS code: 732119

Product category: solid fuel non-electric stoves

Tips & tricks for the EDC box:

Safety Instructions:

- **Usage Instructions:**
  - Use only outdoors.
  - Ensure the stove and its accessories are placed on a stable, level, and fireproof surface.
  - Keep the product away from flammable materials during operation.
  - Avoid flying sparks: Flying sparks can cause fires or burn holes in plastic materials (tents, clothing).
- **Fuel:**
  - Use only recommended fuels (twigs, branches, alcohol burners, fuel paste).
  - Do not use liquid fuels such as gasoline or alcohol that are not explicitly recommended.
- **Operation:**
  - Never leave an open fire unattended.
  - Use heat-resistant gloves to avoid burns.
  - Ensure the product has cooled down completely before touching, disassembling or storing it.
  - Observe the local regulations for open fire.
- **Children and Pets:**
  - Keep children and pets away from the product while it is in use.
  - Store the product out of reach of children.
- **Maintenance and Care:**
  - Clean the products after each use.
  - Regularly check for damage or wear and replace damaged parts immediately.

Emergency Measures:

- In case of fire: Use a fire extinguisher or sand to extinguish the fire. Do not use water if the stove and its accessories are operated with alcohol.
- In case of burns: Cool the affected area immediately with cold water and seek medical attention.
